

VILLAGE OF LISBON OHIO PUBLIC RECORDS POLICY

Introduction:

It is the policy of The Village of Lisbon that openness leads to a better-informed citizenry, which leads to better government and better public policy. It is the policy of The Village of Lisbon to strictly adhere to the state's Public Records Act. All exemptions to openness are to be construed in their narrowest sense and any denial of public records in response to a valid request must be accompanied by explanation, including legal authority, as outlined in the Ohio Revised Code. If the request is in writing, the explanation must also be in writing.

Section 1. Public Records

The Village of Lisbon, in accordance with the Ohio Revised Code, defines records as including the following: Any document – paper, electronic (including, but not limited to, e-mail), or other format – that is created or received by, or comes under the jurisdiction of a public office that documents the organization, functions, policies, decisions, procedures, operations, or other activities of the office. All records of The Village of Lisbon are public unless they are specifically exempt from disclosure under the Ohio Revised Code.

Section 1.1

It is the policy of The Village of Lisbon that, as required by Ohio law, records will be organized and maintained so that they are readily available for inspection and copying.

Section 2. Record Request

Each request for public records should be evaluated for a response using the following guidelines:

Section 2.1

Although no specific language is required to make a request, the requester must at least identify the records requested with sufficient clarity to allow the public office to identify, retrieve, and review the records. If it is not clear what records are being sought, the records custodian must contact the requester for clarification and should assist the requestor in revising the request by informing the requestor of the manner in which The Village of Lisbon keeps records.

Section 2.2

The requester does not have to put a records request in writing and does not have to provide his or her identity or the intended use of the requested public record. It is the Village of Lisbon's general policy that this information is not to be requested.

Section 2.3

Public records are to be available during regular business hours, with the exception of published holidays. Public records must be made available for inspection promptly. Copies of public records must be made available within a reasonable period of time. "Prompt" and "reasonable" take into account the volume of records requested; the proximity of the location where the records are stored; and the necessity for any legal review of the records requested.

Section 2.4

Each request should be evaluated for an estimated length of time required to gather the records. Routine request for records should be satisfied immediately if feasible to do so. Routine requests include, but are not limited to, meeting minutes (both in draft and final form), budgets, salary information, forms and applications, personnel rosters, etc. If fewer than 20 pages of copies are requested or if the records are readily available in an electronic format that can be e-mailed or downloaded easily, these should be made as quickly as the equipment allows.

All requests for public records must either be satisfied (see Section 2.4) or be acknowledged in writing by The Village of Lisbon within three (3) business days following the office's receipt of the request. If a request is deemed significantly beyond "routine," such as seeking a voluminous number of copies or requiring extensive research, the acknowledgment must include the following.

Section 2.4a - An estimated number of business days it will take to satisfy the request.

Section 2.4b - An estimated cost if copies are requested.

Section 2.5c - Any items within the request that may be exempt from disclosure.

Any denial of public records requested must include an explanation, including legal authority. If portions of a record are public and portions are exempt, the exempt portions are to be redacted and the rest released. If there are redactions, each redaction must be accompanied by a supporting explanation, including legal authority.

Section 3. Costs for Public Records

Those seeking public records will be charged only the actual cost of making copies.

Section 3.1 - The charge for paper copies is the free up to 10 copies. The eleventh (11th) copy and beyond will cost \$0.0131.

Section 3.2 - The charge for downloaded computer files to a compact disc is \$1.00 per disc.

Section 3.3 - There is no charge for documents e-mailed.

Section 3.4 Cost for Body Worn Camera Video

A requester may be charged for the actual cost associated with preparing a video record for inspection or production, not to exceed seventy-five dollars per hour of video produced, nor seven hundred fifty dollars total. As used in this division, "actual cost," with respect to video records only, means all costs incurred by the Lisbon Police Department in reviewing, blurring or otherwise obscuring, redacting, uploading, or producing the video records, including but not limited to the storage medium on which the record is produced, staff time, and any other relevant overhead necessary to comply with the request. The requester is required to pay the estimated actual cost before beginning the process of preparing the video record for inspection or production. The Lisbon Police Department is obliged to produce a video or make it available for inspection once the estimated actual cost is paid in full by the requester. The requester shall be provided with the estimated actual cost within five business days of receipt of the public records request. Any and all fees may be waived at the discretion of the Chief of Police. This policy goes into effect April 2, 2025.

Section 3.5

Requesters may ask that documents be mailed to them. They will be charged the actual cost of the postage and mailing supplies.

Section 4. E-mail

Documents in electronic mail format are records as defined by the Ohio Revised Code when their content relates to the business of the office. E-mail is to be treated in the same fashion as records in other formats and should follow the same retention schedules.

Section 4.1 – Records in private e-mail accounts used to conduct public business are subject to disclosure, and all employees or representatives of The Village of Lisbon are instructed to retain their e-mails that relate to public business.

Section 4.2 – The record's custodian is to treat the e-mails from private accounts as records of the public office, filing them in the appropriate way, retaining them per

established schedules and making them available for inspection and copying in accordance with the Public Records Act.

Section 5. Failure to respond to a public records request

The Village of Lisbon recognizes the legal and non-legal consequences of failure to properly respond to a public records request. In addition to the distrust in government that failure to comply may cause, The Village of Lisbon's failure to comply with a request may result in a court ordering The Village of Lisbon to comply with the law and to pay the requester attorney's fees and damages.
